Adhere well, long lasting, easy to use with Osborn Cotton and Sisal Mops, Felts.

Recommendations For Use

- Red:** Polishing or brightening precious metals. Use with soft cloth mops.
- Green:** Bright polishing of hard alloys like white gold, platinum, chrome and stainless steel. Also suitable for silver. Use with soft cloth mops.
- White:** Perfect for sterling silver and other silver alloys. Good reflection properties. Use with soft white mops or cloths.
- Blue:** Versatile choice to polish a range of metals including silver. Use with soft white mops.
- Yellow:** Cutting compound for softer metals: plastics, resins and lacquer. Use with harder stitched cotton cloth mops.
- Orange:** Cutting compound for harder metals: steel, stainless steel and platinum. Use with harder mops made of sisal or close stitched cotton cloth.
- Grey:** Cuts well, removes deeper scratches and refreshes stainless steel. Use with a cloth or close stitched cotton cloth mops.
- Black:** Final finishing on silver. Use with close stitched cotton mops
